

NEW EARLY YEARS PROGRAMME

Global Indian International School has launched the IB PYP Early Years Programme at its Punggol campus starting from July 2024. This transdisciplinary approach is designed for preschool students aged three to five years and reflects how young learners naturally engage with the world. The school says that the programme's play-led inquiry helps children develop creativity, curiosity and critical thinking; they build skills in language, problem-solving, teamwork and resilience, preparing them for their educational path. singapore.globalindianschool.org

After-school *Fun Awaits!*

Integrated International School's After-School Clubs are open to the public from 3pm to 5pm daily for all grade levels. There are various activities to cater to different interests and talents. Students can unleash their creativity in Fluid Artists, whip up dishes in Super Chefs, care for animals in Pet Keeper Club, enhance their language skills in Mandarin and English or stay active in the Fitness Club. The cost for one, three and five clubs per week for the whole month is \$165, \$495 and \$660 respectively. iis.edu.sg

Award-winning Healthcare

The Clinical Services Team of Cigna Healthcare Singapore was recently honoured with the Life & Health Assurance Innovator Award at the InsureTech Asia Insurer Awards. This award recognises their service excellence in various areas including providing a second medical opinion, tailored guidance and post-treatment care, with each client able to count on their case manager for support. cigna.com.sg
